- in case of a damage included in the SBC "Damages Table", the drop off location identifies the damage immediately and jointly with the Customer, quantifies it and proceeds with charging the relevant amount on his credit card;
- in case of a damage not included in the SBC "Damages Table", once it has been identified jointly with the Customer, the drop off location freezes, by way of caution, an amount on his credit card without charging it and waiting for the damage is quantified by an appropriate damage report. Once the damage report has been issued, Customer will be sent a communication with the documents showing the damage and the relevant quantification. As 5 days have gone by after this communication, the amount quantified by the damage expert will be charged;
- in all cases where it is not possible to identify the damage jointly with the Customer (for any caused due to him) TurismoSanVitoLoCapo, who operate under the label "WayCar", freezes an amount on his credit card by way of caution without charging it and proceeds with the quantification of the damage either by the SBC Damages Table or by a damage expert.
